

Limited Warranty

This limited warranty applies to Sensor Swarm branded sensor products (collectively, "Sensor Swarm Products") and specifically excludes any other products or services sold by Sensor Swarm.

Sensor Swarm manufactures its Sensor Swarm Products from parts and components that are new or equivalent to new in accordance with industry-standard practices. This limited warranty covers any defects in material or workmanship in a Sensor Swarm Product for one year from the date the Sensor Swarm Product is shipped to you. Damage due to shipping the Sensor Swarm Products to you is covered under this limited warranty.

All warranty claims require a warranty claim number. You may obtain a warranty claim number by submitting a request on our Contact Us page. Warranty claim requests must be submitted within 1 year of the date the Sensor Swarm Product was shipped by Sensor Swarm.

Sensor Swarm Products must be shipped by customer to Sensor Swarm with the warranty claim number. Customer shall bear all expense and risk of loss for product shipped to Sensor Swarm.

NOTE: Before you ship the product(s) to Sensor Swarm, transmit all data stored on the Sensor Swarm Product. Sensor Swarm does not accept liability for lost data.

Sensor Swarm Products received by Sensor Swarm in any of the following categories are not eligible for warranty replacement:

- Sensor Swarm Products not purchased from Sensor Swarm or an authorized reseller.
- Sensor Swarm Products that do not exhibit the described reason for the warranty claim (i.e. a warranty claim initiated for a DOA product that powers on and works properly upon inspection).
- Sensor Swarm Products with missing, damaged, altered, or otherwise unreadable serial number label.
- Sensor Swarm Products which appear tampered, customized, or altered in any way.
- Sensor Swarm Products whose function has been affected by abuse, shock, electrostatic discharge, cold, heat or humidity beyond product specifications, improper installation or improper use;
- Sensor Swarm Products that have malfunctioned due to external causes, including, but not limited to, accident or the use or operation of other equipment.
- Sensor Swarm Products with batteries that no longer power the Sensor Swarm Product due to use.

The only remedy for a breach of the limited warranty is the replacement of the defective Sensor Swarm Product with a functionally equivalent product at no charge. Sensor Swarm may provide a replacement that has been previously used, re-certified and tested to meet Sensor Swarm specifications. Sensor Swarm will pay to ship the replacement product to you. By sending product for warranty replacement, you agree to transfer ownership of the original Sensor Swarm Product to Sensor Swarm. Sensor Swarm will not return your original product to you. Sensor Swarm warrants that replaced products are covered for the remainder of the original product warranty.

The laws of the State of Minnesota, USA, govern this limited warranty.
